*Joint WAC/WSCAC **Virtual Meeting**
Friday, November 6, 2020
10:30 AM*

Introduction

I. WSCAC & WAC Voting of October 2020 Meeting Summaries

II. FEATURED PRESENTATIONS

Corey Godfrey, Water Quality Manager for the Littleton Water Department will discuss “The Long Road to Resilience”. He will share the many lessons learned regarding public information efforts and the communication of the science on PFAS to customers, balancing environmental protection with public health, and source water assessment and protection for PFAS contaminated sources of water supply.

Julie Bliss Mullen, CEO of Aclarity Water- Julie is a Ph.D. candidate and National Science Foundation Graduate Research Fellow (NSF-GRF) in Civil Environmental Engineering at the University of Massachusetts, Amherst with a research focus in innovative drinking water treatment solutions. Prior to her studies at UMass, Julie worked for the U.S. Environmental Protection Agency as an environmental engineer in the Drinking Water Unit for Region 1 (Boston, MA)
